EN1888-2:2018

Simply iconic

Elegant and practical combined pram with two types of suspension wheels - inflatable and rubber.

Perfectly ventilated carrycot provides baby with a safe shelter.

Cover which is made of high quality, non-shrinking material with SPF50+, is easy in handling and smooth in folding.

Sports seat with extendable canopy with ventilation can be placed front facing and rear facing and it simply folds into fully reclined position.

The height of the handle can be adjusted according to the parent's needs. Baby is fastened into the stroller with 5-point safety seat belts, lockable with magnetic buckle.

Street2 Air

EN1888-2:2018

Ride without compromise

Extremely comfortable for the child and easy to handle. Large air wheels in a new design suitable for any terrain. Comfortable ride in the city, park or in nature can begin.

Thanks to the removable water-resistant canopies with SPF50+, the stroller can always look like new.

The frame of the Street2 is compatible with any Street2 and Street+ canopies.

New feature is the stroller's ventilation, which is provided by a fine mesh at the back of the backrest, but also on the both sides of the stroller.

The child is fastened by the 5-point safety belts secured with a magnetic buckle.

The canopy is in a separate package

Street2 RWS

EN 1888-2:2018

One stroller in many ways

The Street2 RWS stroller is lighter compared to the AIR model thanks to the smaller rubber wheels, but it has excellent driving characteristics.

Reinforced frame ensures stable ride and helps to absorb shocks and RWS rubber wheels can easily handle the most challenging terrain.

The benefit of the Street2 stroller is the colour variability of separately sold Street2 and Street+ canopies.

Model Oak offers a bumper bar and a handle in a beautiful brown colour, model Black in black eco-leather.

The canopy is in separate package

A large stroller will be convenient also for a bigger child.

Mesh in the back of the backrest for better aeration of the stroller.

Extendable canopy for maximum protection. Waterproof fabric. New higher quality materials. SPF 50+.

A large shopping basket and a pocket for small items in the back of the canopy will provide plenty of storage space.

RWS rubber wheels without a risk of punctures.

Separately sold canopies in basic colours or in special edition of Limited 100.

Royal2

Ready for the royal ride

The new Royal stroller comes for the first time on black frame. The popular rich equipment and sophisticated details have been kept the same.

Quality of the cover's fabric, canopy with pattern in the inner side, tastily quilted footrest and double-sided liner, that all makes a difference at first glance.

Compared to the previous model Royal2 has a mesh across the entire back of the backrest, a safety buckle seat belt with magnetic closure and a frame in silver and black.

To the chassis you can choose a canopy from a wide range of colours.

Attention, the Royal2 chassis is compatible only with Royal2 canopies, not with the previous model.

Separately packed chassis and optional water-resistant canopies with SPF 50+ allow great color variability.

Large, adjustable backrest for maximum comfort of a child.

Perfect stroller ventilation in warm summer months.

Fully swivel and removable bumper bar and handle in elegant brown eco-leather.

Lightweight all-rubber wheels with a stylish white rim.

The chassis package includes a black footcover and a diaper bag. The canopy has a color-matched liner in the package.

Airwalk

Walking in the air

Practical, spacious, suspended sports stroller with inflatable wheels is suitable for off-road as well as for city squares. You will be pleasantly surprised by its easy handling and folding.

It has an extendable canopy equipped with a parent window that closes with a silent magnet. Canopy is in separate package.

The footrest can be adjusted to different positions. Thanks to this, the baby will sleep comfortably in the stroller even on a trip or a walk.

The baby is fastened in the stroller with a 5-point seat belt with magnetic buckle.

Inflatable front and rear wheels suitable for terrain.

Large backrest for maximum comfort.

Easy to fold, stands up on its own when folded.

Extendable canopy with magnet window.

Easy system for positioning the backrest almost in fully lying flat position.

Large spacious shopping basket.

Cross

Self-folding champion

Amazingly spacious and very compact self-folding stroller. Stroller is lightweight, you can unfold it with one hand and it folds completely by itself.

The stroller is easy to handle. Thanks to the large wheels (rubber and foam mixture) and sprung construction, it can easily handle city strolling as well as nature walks. The diameter of the front wheels is 18 cm and the rear wheels diameter is 20 cm.

Automatic folding will make life easier for parents who always have their hands full.

Extra extendable water-resistant canopy with SPF 40+ and the window.

Spacious and comfortable sitting and sleeping.

Weight only 7.8 kg and dimensions after folding 80 × 38 × 51 cm.

Well accessible shopping basket.

Fly

Discover the world on wheels

Compact stroller that is ideal solution for parents, who are often on the road. The fully sprung and swivel front wheels ensure smooth and comfortable ride, the stroller is very easy to handle.

Thanks to the 5-point seat belts, the baby is comfortable and safe fastened in the stroller. Seat belts closes with a practical and handy magnetic buckle.

The stroller has a really spacious canopy with SPF40+. By simply unzipping, the canopy is extended and the use of the shield provides a really perfect protection from strong sun or wind.

Good and easy to carry and stands on its own when folded. In the trunk does not take up much space, because it is very storable.

Up

Companion always on duty

It will especially be appreciated by modern parents who are often on the move but also want their pushchair to be safe, functional, easy to use and yet still be as comfortable and portable as possible.

It has excellent driving characteristics and takes up almost no space. It folds comfortably and, just as easily as its name reveals, you can put it back on its feet.

You'll also be pleasantly surprised by its manoeuvrability and smooth handling, which you won't be able to praise enough.

A little helper with a big effect.

Foamy

Comfort first

Colored liners with unique design will brighten up stroller, provide baby with comfort and protect covers from dirt.

The liner is made of soft visco-elastic foam and offers a number of benefits such as resistance to dust mites and bacteria that do not settle and multiply in it.

It mitigates the impact of driving on uneven terrain and promotes correct body posture.

The liner is compatible with almost every stroller and thanks to the several holes, it can be easy to adjust.

Dimensions: 86 × 42 × 1 cm
Material: 100 % cotton

Jibot 3in1

Always warm
and comfortable

Warm footmuff with smart features
suitable for pram, stroller or car seat.

Chest opening for quick and easy
access to the baby. The footmuff is
extra long - up to 110 cm. By unzipping
the bottom part, the size of the
footmuff will change to a smaller one.

With the help of drawstrings, pull-
tie-hood is created, which perfectly
protects the child from wind and
cold. The footmuff is waterproof and
protect the baby from the wind.

8 holes on the back for universal fitting
in any brand of stroller or car seat.

Comfy 4in1

Comfort as in a belly

Wonderfully warm and soft footmuff with removable fur. It is suitable for a carrycot, for a sports stroller or as a separate liner, as the top part can be unzipped.

Waterproof also windproof. Special BIONIC-FINISH® ECO. It is a patented, environmentally friendly impregnation technology. It contains no harmful fluorocarbons and has very high water resistance.

The fur is fastened with buttons and can be easily removed and footmuff can be washed at 30°C.

There are 6 seat belt holes on the back to adapt to any stroller. The versatile shoulder strap holes are also suitable for the type of belts that cannot be detached.

Arctic 4in1

Cover yourself in warm fur

Excellent quality, a lot of features and a nice fur, which is an effective barrier against cold and wind. This is the new footmuff Arctic.

Extendable footmuff with central zipper for better access to baby. It is waterproof, windproof and thanks to the technology BIONIC-FINISH® ECO contains no dangerous substances.

Ten holes on the back of the footmuff allow it to be attached to a stroller or car seat of any brand.

By unzipping the bottom part the footmuff will shrink and fit

into carrycot or car seat. The drawstrings at the top create a hood that perfectly protects baby from wind and cold.

The fur is removable. Non-slip surface on the back (ABS) prevents slipping of the baby in the stroller.

The perfect space not only for sleeping

Height-adjustable crib with removable side panel serves as an additional crib to the parent's bed and, after unzipping the lower part, as a lowered cot with a separate entrance for the child.

It is height-adjustable to 5 positions, airy thanks to mesh materials and can be moved within the home very easily thanks to the telescopic legs and wheels with brakes.

The cover of the comfortable mattress can be taken off and washed.

Weight of the crib: 11.5 kg
Dimensions: 95 × 56 × 63 cm
Load capacity: 9 kg/13 kg
